SUMMARY

Systems Engineer with nearly 3 years of experience supporting Windows environments and 150-300 users. Strong in Active Directory account support, Microsoft 365 applications, end-user troubleshooting and incident coordination. Supervised six support engineers, handled 50+ requests weekly, and improved routine work with automation. Studying Entra ID administration fundamentals for user lifecycle and access support.

PROFESSIONAL EXPERIENCE

Systems Engineer

11/2023 - 08/2026 | Mangalore, India

Winman Software

- Supported 150-300 users with Windows endpoints, software installation, configuration, updates, Outlook and Teams issues, and remote troubleshooting.
- Performed Active Directory account changes, access and permissions support, Domain Controller tasks, and Group Policy-related troubleshooting.
- Resolved 50+ weekly requests across devices, applications, accounts and connectivity; documented incidents, escalated complex cases and confirmed closure.
- Supervised a six-member support team, assigned priorities, monitored service progress and guided teammates through recurring support issues.
- Assisted with user setup and application access, including Microsoft 365 applications, while maintaining clear support notes and procedures.
- Investigated LAN/Wi-Fi, DNS, DHCP, backup and Windows upgrade problems; identified causes and coordinated corrective actions.
- Automated administrative work with PowerShell, Batch, basic Python and Task Scheduler, saving several hours of manual work each week.

IoT & Embedded Systems Intern

07/2022 - 08/2022 | Mangalore

Coastal Institute of Technology

Built sensor and microcontroller projects; practiced hardware troubleshooting and technical documentation.

EDUCATION

NMAM Institute of Technology

2019 - 2023 | India

B.E. Electronics & Communication Engineering | CGPA: 8.46/10

SKILLS

- **Microsoft 365 & support** - Outlook, Teams, Microsoft 365 applications, end-user support, ticket tracking, escalation, documentation
- **Identity & access** - Active Directory, Domain Controller support, users, permissions, GPO basics; Entra ID fundamentals: users, groups, roles, MFA and license assignment concepts
- **Windows & endpoints** - Windows administration, endpoint configuration, software deployment, patching awareness, printers, backups, remote support
- **Networking & automation** - TCP/IP, DNS, DHCP, LAN/Wi-Fi, VPN basics, PowerShell, Batch, basic Python, Excel
